AgroCapital

An agribusiness program generating economic growth for the agriculture sector through access to capital and strengthening of agribusiness entrepreneurship ability.

CBS profile

CBS, Creative Business Solutions is a business consulting non-for-profit organization (NGO) located in Tirana, Albania that provides consultancy and implements solutions for local entrepreneurs, organizations, donors and financial institutions.

In partnership with international development agencies, CBS implements long-term programs with high and measurable impact.

CBS's Mission

Accelerating economic development sectors and segments in need by producing real solutions for the client with the highest professional standards and measurable benefits.

AgroCapital Objective

Economic growth of agriculture sector through financing.

Consultancy to banks and financial institutions by improving lending products so that more capital is available to farmers and agro-processors.

Strengthen agribusinesses capacities so that much higher levels of financing are absorbed.

Program Impact

AgroCapital is a three-year program financed by USAID and implemented by CBS.

The program will provide significant economic impact by facilitating a Financing of \$14.8 million and growing Investments by \$18.5 million. Agribusinesses supported by the program will grow their Sales by \$28 million and the activities will generate 1,150 new jobs.
